

HOMework HOUSE CLOSES SUMMER WITH A BIG SPLASH

Homework House is a marvelous program founded last year by the Christian Family Center under the direction of Janet MacDonald. Its goals are to provide a safe place for grade-schoolers to do their homework with tutors, and to provide other activities to assist their development.

Homework House works to ensure full involvement of its participants' parents and of all churches in and near Azusa.

Summer Splash was Homework House's program for the recently completed summer. Summer Splash ended with a talent show at St. Francis of Rome Church. As these photographs show, a great time was had by the actors and the audience.
